| 0533 437 8733 | erenmemisler4@gmail.com

PROFESSIONAL SUMMARY

Dedicated Computer Programming student with hands-on experience in software development, AI integrations, and backend architecture. Adept at utilizing languages such as C#, Python, and PHP to build functional applications and automate processes. Currently advancing practical skills as a Software Intern, with a proven track record of delivering end-to-end projects from database design to user interface implementation.

EXPERIENCE

Software Intern

Software Persona

- Contributing to software development projects and expanding practical knowledge in modern development environments.

IT Intern

Kervan Gıda - Akhisar

- Completed a short-term internship assisting with IT operations and technical support.

SKILLS

- Python
- JavaScript
- HTML
- CSS
- Microsoft SQL Server
- API Integrations

WEBSITES, PORTFOLIOS AND PROFILES
